

Article 23.2: Summary of Gold Standard criteria for Le Jog

Gold, Silver and Bronze Medals will be awarded to those achieving certain levels of performance – see Article 25 .2.

Once a Medal is lost, it cannot be regained by fast driving elsewhere. For Medal success, it is better to lose 10 minutes at one Time Control (which is one failure to achieve Gold Standard), than one minute at each of two Time Controls (which represents two failures to achieve Gold Standard). Thus, a Gold Medallist may be beaten in his Class by a non-medallist who loses fewer penalties.

To win a Medal of ANY kind, competitors must not lose penalties anywhere other than at the kinds of Control and Test set out below. At these, they must achieve the greatest possible number of Gold Standards, and stay within the Maximum Penalty at that point, which is the limit for Medal eligibility.

MTC, TC: Gold Standard: Zero penalties; ineligibility for any Medal: outside Maximum Permitted Lateness

PC, RC, SC, and RS: Gold Standard: zero penalties; ineligibility for any Medal: more than a 5 minutes' penalty.

TP: Gold Standard: as published in ASRs; ineligibility for a medal: more than a 5 minutes' penalty.

Test: Gold Standard: as given in Test instructions; or two medal standards for a wrong test; ineligibility for any Medal: not attempting a test

The ASR s may vary the above criteria.

Article 25.2: Medals and Ribands (Le Jog only)

See Article 23 .2 for a summary of Medal and Gold Standard Criteria.

Medals will be awarded to Crews who

(i) Complete the whole route, by booking in at every Main Time Control and Time Control during their own Maximum Permitted Lateness, and at every other Control and Timing Point while it is open; and by attempting every Test and Observed Regularity Section; and who:

(ii) **Fulfil** the criteria below:

Gold Medals will be awarded in each Category, as defined in the final Entry List, to crews who achieve the Gold Standard at every Control, Check, Timing Point and Test. If no competitor in a Category achieves this, Gold Medals will be awarded to the Competitor(s) in that Category achieving the greatest number of Gold Standards and complying with (i) and (ii) above.

Silver Medals will be presented to Crews who fail the Gold Standard on no more than one occasion over and above the number of failures achieved by Gold Medal winners in their Category, and who comply with (i) and (ii) above. If no Crew achieves this, the above criteria becomes 'no more than three occasions'; if still no Crew qualifies, 'four occasions'; and so on.

Bronze Medals will be presented to Crews who fail the Gold Standard on no more than one occasion over and above the number of failures achieved by Silver Medal winners in their Category, and who comply with (i) and (ii) above. If no Crew achieves this, the above criteria becomes 'no more than two occasions'; if still no Crew qualifies, 'three occasions'; and so on.

Blue Ribands: two medallions with blue ribands will be awarded to non-medal winners who visit every Main Time Control (MTC), Time Control (TC), Regularity Timing Point (TP), and attempt every Test, while they are open.
