

HISTORIC ENDURANCE RALLYING ORGANISATION

Non-UK Residents - RS Clubman Licence Alternative

For non-UK residents who do not hold a competition licence from their country's Governing Body, you are unable to apply for a RS Clubman Licence. We have agreed with Motorsport UK that we will be able to issue you a Historic Regularity Competitor Permit which is valid solely for the event in question.

An application form will be emailed to you with the Final Instructions. If you do not hold a licence from your Governing Body please complete it and return to us immediately by email. We must advise that without the submission of this document you may not be allowed to start the event.

We appreciate that this is a major change in the licencing procedure, and this has been brought about by a change in Motorsport UK regulations. We will endeavour to make the process of issuing the Historic Regularity Competitors Permit as easy and as smooth as possible.

Guy Woodcock
Competition Director
HERO Events Limited.
